B&Z TECHNOLOGIES ANNOUNCES NEW REPRESENTATIVE FOR ITALY AND GREECE

Stony Brook, New York October 17, 2007 – B&Z Technologies, L.L.C., a manufacturer of microwave and millimeter wave amplifiers for commercial and military markets announced the appointment of a new sales representative firm to serve customers in Italy and Greece.

Microelit S.p.A. has offices in Milan and Rome and covers both the Italian and Greek markets. Founded in 1974, **Microelit S.p.A.** has a wealth of experience and knowledge required to bring high technology solutions to their customers.

“Microelit’s excellent reputation and long experience makes the organization an excellent partner for bringing B&Z Technologies’ leading edge amplifier products to customers in Italy and Greece” says Dan Sundberg of B&Z Technologies.
